

## **WHO WE ARE**

**Link2Care** is a social enterprise based in Nairobi, Kenya, committed to advancing maternal healthcare in Kenya. We provide affordable, accessible, and high-quality ultrasound and point-of-care testing (POCT) services to underserved communities, ensuring that no mother is left behind.

We currently collaborate with 30+ health facilities across Nairobi, reaching almost 1,000 expectant mothers in low-income communities with essential antenatal care services and health education. By combining innovation with compassion, we aim to close the maternal health gap and build healthier futures for mothers and their babies.

As our ESG officer you will support in the design, implementation, and monitoring of Environmental, Social, and Governance (ESG) initiatives for multiple companies.

## **KEY RESPONSIBILITIES**

### 1. ESG Consulting & Advisory

- Support ESG strategy alignment with international frameworks (e.g., GRI, ISSB) and MOJA corporate objectives.
- Conduct ESG materiality assessments and stakeholder mapping.
- Advise on environmental branding, governance system development, and sustainability best practices.

### 2. ESG Reporting

- Collect, verify, and analyse ESG-related data from internal and external stakeholders.
- Draft and review the annual ESG report, including narrative content, data visualisation, and design inputs.
- Ensure compliance with reporting standards and submission timelines.

### 3. Social Responsibility Project Coordination

- Coordinate employee well-being programs (e.g., cancer screening, mental health checks, preventive health packages).
- Oversee community engagement projects such as health education and free medical screening events.
- Liaise with partner clinics, NGOs, and community leaders to ensure smooth implementation.

### 4. Monitoring & Evaluation

- Develop and track key ESG performance indicators (KPI's).
- Prepare progress updates, presentations, and impact summaries for stakeholders.
- Identify risks, gaps, and improvement opportunities in project delivery.

## **REQUIREMENTS**

### **Mandatory:**

- Bachelor's degree in environmental studies, Social Sciences, Public Health, Sustainability, or related field. Master's degree preferred.
- Minimum 3 years' experience in ESG consulting, corporate sustainability, CSR, or related field.
- Strong understanding of ESG reporting frameworks (GRI, ISSB, SASB, UN SDGs).
- Experience in project coordination, stakeholder engagement, and cross-cultural collaboration.
- Excellent writing and communication skills in English.
- Data analysis and report writing skills, with proficiency in MS Office and basic design tools.

## **WHO YOU ARE**

- Strong analytical and problem-solving abilities.
- Cross-cultural communication and negotiation skills.
- Ability to work independently and deliver within tight deadlines.
- High integrity, professionalism, and commitment to sustainability values.

## **WHAT WE OFFER**

- Remuneration: Competitive, commensurate with experience.

## **HOW TO APPLY**

- Send Your PDF CV and Cover Letter including testimonials:
